Annual Report
for the Town of
Bristol
New Hampshire

For the Fiscal Year Ending
December 31, 1992

DEDICATED TO BURTON W. WILLIAMS

Burt, as we all know him, has served this community for thirty-four years and continues to do so as a Water Commissioner and Budget Committee member.

The following is a brief chronology of Burt's service to the Town of Bristol. Burt began as a member of the Budget Committee in 1959. He served on the Budget Committee until 1962 when he was appointed to the Board of Selectmen. Burt continued as a Selectman for 19 years stepping down in March of 1981. After a very brief retirement, Burt was appointed to the Water Commission in April of 1985, a position he

holds to this day. In 1988 Burt decided to get involved with the Town's budget process, and he was elected to the Budget Committee where he serves to this day as well.

During Burt's years as a Selectman, Bristol underwent many changes; clean-up of the Pemi River, new sewer system and treatment plant, new town office building, new fire station, formation of town beaches, formation of Planning Board, modernizing Town Government, and many other changes too numerous to mention. Burt Williams has played a key role in every major decision made in this town for over three decades and continues to do so.

What makes Burt's contributions to Bristol particularly notable is that he did this while raising a family of four children, and operating his business which experienced extraordinary growth through this period. In spite of Burt's busy personal and business life, he always found time for public service.

Any honors showered upon Burt Williams must make mention of his wife JoAnne. JoAnne has always been a driving force behind Burt and was never more than a heartbeat from the action. JoAnne also served the Town as its Welfare Officer for ten years from 1982 through 1992. This brings the grand total of years of service to Bristol between the two of them to forty-four years and counting.

Dedication of this 1992 Town Report to Burton W. Williams is most appropriate. He has made an impact on this community which will last at least a century and perhaps beyond.

Well done sir!!

TOWN WARRANT

Bristol, NH

Grafton, SS

The polls will be open from 10:00 a.m. to 7:00 p.m.

To the inhabitants of the Town of Bristol in the County of Grafton, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Old Town Hall, Summer Street, in said Bristol on Tuesday, the ninth (9th) day of March, next, at 10:00 of the clock in the forenoon, to act upon the following subjects:

Article 1. To choose all necessary Town Officers for the year ensuing.

Article 2. To see what action the Town will take with respect to the Zoning Ordinance prepared by the Planning Board by voting by ballot upon the following proposed changes:

1. Article III. DISTRICTS AND DISTRICT REGULATIONS

To change section 3.2, DISTRICT REGULATIONS, paragraph C., Lake District to read:

d. Alteration of existing uses. Any alteration or expansion of any dwelling or other structure within the lake district which increases the amount of living space in the dwelling or structure shall require a permit from the Building Inspector. Before a permit is issued, the following conditions must be met.

_____YES _____NO

2. Article IV. GENERAL PROVISIONS

To change section 4.11 SIGNS, paragraphs D. and I. to read:

D. Where two (2) or more businesses occupy one building or are on one lot, the following provisions must be met:

1. Not more than two (2) free standing signs may be erected on the property, except by variance. Neither of the signs may exceed twenty-four (24) square feet in area.
2. In addition to free standing signs, each business may erect a sign on the structure, not to exceed ten (10) square feet in area. The sign shall not extend above the parapet or eaves. For public safety, no sign may extend more than one foot over a public way.

I. EXEMPTIONS

3. All signs on private property intended to regulate, identify the structure, or guide activities on the property, even though such signs may be visible from other property or properties, are permitted.

_____YES _____NO

Article IX — DEFINITIONS

Add the following Definitions:

- 9-62A LIVING SPACE — Any portion of a dwelling that is suitable for human habitation.
- 9-62B JUNKYARD — Any area, lot, land, parcel, building or structure or part thereof used for storage, collection, processing purchase, sale or abandonment of waste paper, rags, scrap metal or other scrap or discarded goods, materials, machinery or two or more unregistered, inoperable motor vehicles or other type of junk.

_____YES _____NO

POLLS CLOSE AT 7:00 PM

and further action on the following articles at the Old Town Hall on Summer Street in said Bristol at 7:30 p.m. on Thursday, March 11, 1993.

Article 3. To see if the Town will vote to raise and appropriate the sum of Twenty four thousand dollars (\$24,000) to make necessary renovations to the Old Town Hall on Summer Street. (Not recommended by Budget Committee)

Article 4. To see if the Town will vote to raise and appropriate the sum of Thirteen thousand dollars (\$13,000) to carry out the results of the property assessment study to be performed by an assessor certified by the State of New Hampshire. (Not recommended by Budget Committee)

Article 5. To see if the Town will vote to raise and appropriate the sum of Forty eight thousand five hundred dollars (\$48,500) to purchase a new Highway Truck. (Recommended by Budget Committee)

Article 6. To see if the Town will vote to raise and appropriate the sum of Eight thousand five hundred dollars (\$8,500) for Phase I of updating of the Comprehensive Master Plan for the Town of Bristol, 1982-83. (Not recommended by Budget Committee)

Article 7. To see if the Town will vote to raise and appropriate the sum of Ten thousand dollars (\$10,000) for Fire Betterment. (Recommended by Budget Committee)

Article 8. To see if the Town will vote to establish in accordance with Chapter 35, the Dispatch Capital Reserve Fund for the purpose of considering a future dispatch center in Bristol and to appoint the Board of Selectmen as agents to carry out the objects of this fund, in accordance with RSA35:15. Further, to raise and appropriate the sum of Five thousand dollars (\$5,000) to be placed in said fund. (Not recommended by Budget Committee)

Article 9. To see if the Town will vote to raise and appropriate the sum of Nine thousand dollars (\$9,000) for renovations to the EMS Station (Old Fire Station). (Recommended by Budget Committee)

Article 10. To see if the Town will vote to raise and appropriate the sum of Twenty one thousand dollars (\$21,000) to purchase a 1993 fully equipped Police Cruiser. (Not recommended by Budget Committee)

Article 11. To see if the Town will vote to raise and appropriate the sum of Thirty thousand dollars (\$30,000) to purchase a Fire rescue vehicle. The appropriation to be financed as follows: Eight thousand dollars (\$8,000) to be withdrawn from the Fire Department Capital Reserve Fund and the balance to be raised through general taxation. Further, to appoint the Board of Selectmen as agents to carry out the objects of this fund, in accordance with RSA 35:15. (Not recommended by Budget Committee)

Article 12. To see if the Town will authorize the use of the 1990 Chevrolet cruiser to become the third emergency vehicle for the Police Department.

Article 13. To see if the Town will vote to accept the budget as submitted by the Budget Committee and to raise and appropriate the sum of \$2,326,504 to be raised by taxation.

Article 14. To see if the Town will vote to discontinue and relinquish all interest in the Alfred Jenness Road (so-called) beginning at the River Road and terminating at the Pemigewasset River in accordance with RSA 231:43.

Article 15. To see if the Town will vote to change the following: Eliminate the Highway Department, Sewer Department, and Water Department and create a Department of Public Works. (Submitted by Petition)

Article 16. To see if the Town will vote for the formation of a Committee to study the feasibility of combining the Water and Sewer Departments.

Article 17. To see if the Town will vote to authorize the Board of Selectmen to establish a Swimming Pool Regulation to read as follows:

An inground pool that has a depth of water over four (4) feet in depth shall have a five (5) foot fenced in enclosure capable of keeping out children and animals. Each fenced area shall have a gate capable of being locked. Any above ground pool in excess of three (3) feet in depth shall have a three (3) foot fence surrounding it and capable of being locked when not in use.

Article 18. To see if the Town will vote to authorize the Trustees of the Minot-Sleeper Library, in accordance with RSA Chapter 202-A:4C, to apply for, accept and expend, without further action by town meeting, money from state, federal or other governmental unit or a private source which becomes available during the fiscal year.

Article 19. To see if the Town will vote to authorize the Selectmen to apply for, accept, and expend federal or state grants which may become available during the course of the year, and also to accept and expend money from any other governmental or private source to be used for the purpose for which the Town may legally appropriate money: provided (1) that such grants and other monies do not require the expenditure of any other Town funds, (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies and, (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of Town monies, all as provided in RSA 31:95-B(SUPP)

Article 20. To see if the Town will vote to authorize the Selectmen to convey any real estate acquired by the Town by Tax Collector's deed. Such conveyance shall be by deed following a public auction, or the property may be sold by advertised sealed bids, or may be otherwise disposed of as justice may require, pursuant to RSA 80:80.

Article 21. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

Article 22. To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the town gifts, legacies and devises made to the town in trust for any public purpose, as permitted by RSA 31:19.

Article 23. To see if the Town will vote to authorize the Board of Selectmen to accept gifts of personal property which may be offered to the Town for any public purpose, pursuant to RSA 31:95-e. The selectmen must hold a public hearing before accepting any such gift, and the acceptance shall not bind the town to raise, appropriate or expend any public funds for the operation, maintenance, repair or replacement of any such personal property.

Article 24. To transact any other business which may legally come before this meeting.

Given under our hands and seal this 15th day of February, in the year of our Lord nineteen hundred and ninety-three.

SELECTMEN'S REPORT — 1992

Hello everyone. It's been another action-packed year in Bristol. Among the things that have taken place is that the Selectmen hired a new EMS Director in October. Richard Fowler has settled in quite nicely in his new position, and the operation is running smoothly and efficiently once again. One of the changes Rick and the Selectmen would like to see is to add another attendant to the staff. With much increased calls and the time constraints on many of our call people, it has become necessary to consider having another EMT on board. The Bristol EMS is also actively training new call people and recertifying present personnel. We would like to take this opportunity to thank Frank Avellino for service above and beyond the call of duty when we were between directors. He made the transition a smooth one, and we are grateful. Thanks to the dedication and knowledge of the EMS staff, we believe the Town has yet another department they can be proud of.

It seems that every year something is said about pending litigation in regard to Cummings and the Foot of the Lake Beaches. Whether court dates are canceled or for whatever reason, we haven't been able to get this resolved. However, slowly, the wheels of justice are turning. We have received a decree from Superior Court granting the Town of Bristol ownership to the Foot of the Lake Beach. Even with the decree, there is remaining litigation concerning docks.

Much time was spent on cable television issues by area residents and selectmen. As a result your Selectmen drafted a letter to Continental Cablevision with signatures from the Hebron, Bridgewater and New Hampton Boards of Selectmen which has been sent to Continental to hopefully aid in their quest to persuade the FCC to change the ADI (Area of Dominant Influence) from Portland to Boston. Your Board of Selectmen has been and will remain actively involved in seeing this through to an agreeable resolution.

The Highway Department had another busy year. Many roads in the village were reclaimed as were roads in outlying areas. With the surfacing of Bear Mountain Road complete we have another paved road to add to our inventory. We wish to thank Harold Haney and his staff for another year of jobs well done.

Congratulations are in order for all department heads and employees. In this time of the ridiculous concept of deficit spending, most everyone came in at or below budget. We thank you. The Town thanks you.

Committees were formed early in 1992 to explain, among other things, the feasibility of a public access to Newfound Lake and repair and renovations at the Old Town Hall. Through the efforts and time invested by the dedicated people on these committees many ideas and solutions have been discussed and will be presented to you at this year's Town Meeting.

Through the efforts of Gini Deragon, your Town Administrator, sign-up sheets will be handed out at Town Meeting and will be available at the polls. The hope here is to find out who is available to serve on what committees. It is wonderful to see more and more citizens becoming involved with affairs of the town and we are sure that those who do find it gratifying to know they made a difference.

Without a doubt the biggest accolades are due the citizens and taxpayers of Bristol. At a time when many are working for less wages than last year or may not even have a job, you have backed up your votes at Town Meeting by paying your property taxes in a timely fashion. Not only is it a relief to the Selectmen, but in borrowing much less money than even two years ago, we have been able to save money spent on tax anticipation notes.

Hope to see you at Town Meeting and at the School District meeting.

J. P. Morrison, Jr., Chairman
Archie L. Auger
William R. Phinney

TOWN MEETING MARCH 12, 1992

Supervisors: Raymah Belser, Jane Westfall, Nancy Gavalis

Ballot Clerks: Marcia Payne, Nancy Dow, Evelyn Plumer, Barbara Greenwood (temporary), Jacqueline Crouse.

Police: Chief Barry Wingate

Moderator: Samuel E. Worthen

Town Clerk: Barbara L. Avery

Ballot box checked and found to be empty.

Polls declared open at 10:00 a.m. and closed at 7:00 p.m.

March 10, 1992

Moderator Samuel Worthen declared the meeting open at 7:30 p.m. Tom Keegan with the help of a couple of Boy Scouts presented the flag and led us in the Pledge of Allegiance.

Pastor Fred Shapiro of the Bristol Baptist Church gave the invocation.

7:35 P.M. *Article 1*

To choose all necessary Town Officers for the year ensuing. The results of the voting on Tuesday are as follows: Selectman for 3 years, Frank Kierce, 64; William Phinney, 386; and William Simpson, 7. Treasurer for one year, Kathleen Haskell, 423. Budget Committee for 3 years, Jeffrey D. Barr, 376; Everett Hackett, 383; Thomas Keegan, 396; and John E. Smart, 347. Fire Commissioner for 3 years, Ernest H. Glines, 325; and Robert J. Lyden, 139. Sewer Commissioner for 3 years, Michael P. Capsalis, 203; Everett Hackett, 229; and Richard Walenda, 41. Police Commissioner for 3 years, John E. Smart, 226 and Russell E. Vaiden, 230. Trustee of Trust Funds for 3 years, W. Mark Cramton, 425. Trustee of Trust Funds for 1 year, David Carr, 444. Library Trustees for 3 years, William E. Barrett, 412; Margaret Morton, 385; and Alma C. West, 376. Supervisor of the check list for 6 years, Raymah Belser, 440. Town Moderator for 2 years, Samuel E. Worthen, 432. School Board: Alexandria member for 3 years, Fletcher M. DeWolf, 233; and Peter D. Wyrwicz, 167. Bridgewater member for 3 years, B.A. Finkle, 336. School Budget: Alexandria member for 3 years, Sherman Wadhams, 236; and Robert A. Wolff, 124. Bridgewater member for 3 years, Mary Ellen Godville, 347. School Moderator for 1 year, Charles E. Greenwood, 411.

7:45 P.M. *Article 2*

To see what action the Town will take with respect to the Zoning Ordinance prepared by the Planning Board by voting by ballot upon the following proposed changes:

1. Article IX. Definitions

To delete 9.126 SUBDIVISION, MINOR — A subdivision of land that does not involved any of the following: (1) the creating of more than the maximum number of lots specifically permitted by ordinance as a minor subdivision; (2) a planned development; (3) any new street; and (4) the extension of any off-tract improvements.

253 — Yes 150 — No

To change 9.141 WETLANDS to read: Areas which are at least in part underlain by poorly drained and very poorly drained soils, as defined by the National Cooperative Soils Survey, for Grafton County, New Hampshire, of the Soil Conservation Service of the U.S. Department of Agriculture (USDA), as it may be amended from time to time. Upon inspection during the growing season, wetlands have visible water at or near ground surface level, and wetlands have plant species characteristic of one or more of the wetland association types. These wetland association types consist of, but are not limited to, swamps, marshes, and bogs. (See attached Appendix C of the NH Code of Administrative Rules for further definitions of these wetland association types and their typical vegetative components.)

279 — Yes 136 — No

2. Article III. Districts, 3.2, C. Lake District, paragraph 2.d

To change and add the following wording to read: d. Alteration of existing uses. Any alteration or expansion of any dwelling or other structure within the lake district shall require a permit from the Building Inspector. *Prior to a permit being issued, the following conditions must be met, or a special exception granted.*

(1). The applicant shall supply a certificate of inspection from a qualified sanitary professional (e.g., engineer, system designed, etc.) certifying that the sewage disposal system meets current standards of the New Hampshire Water Supply and Pollution Control Division. If the existing system is found to be inadequate, a system approved by the New Hampshire Water Supply and Pollution Control Division shall be installed before a building permit is issued.

(2). The applicant must demonstrate that the site conditions and land area are adequate for installation of a replacement sewage disposal system should the existing system malfunction or fail.

292 — Yes 127 — No

To change Section 3.2, E. Pemigewasset Overlay District to read: The boundary of the district shall be five hundred (500) feet from the river's high-water line.

267 — Yes 144 — No

3. Article IV. General Provisions, 4.6

To delete WETLAND AREAS — No structure or alteration of the land such as dredging or filling which would alter the natural configuration of wetlands, shall be allowed.

241 — Yes 171 — No

4.12, paragraph B

To change B. NON-CONFORMING USES and add C. NON-CONFORMING STRUCTURES to read as follows:

B. NON-CONFORMING USES — If a lawful use exists at the effective date of adoption or amendment of this ordinance that would not be allowed in the zone under the terms of this ordinance, said use may be continued, so long as it remains otherwise lawful and subject to the other provisions of this section.

1. Discontinued Uses — If a non-conforming use is discontinued for one year or superseded by a conforming use, it shall thereafter conform to the regulations of the zone and the non-conforming use may not be resumed, unless approved by variance.

2. Expansion — A non-conforming use may, by special exception, be expanded within the limits of the structure owned by the owner or owners when the use started, if the unity of the use is retained and other requirements of the zone are complied with.

C. NON-CONFORMING STRUCTURES — If a structure exists before this ordinance is effective, which does not comply with the regulations contained herein, it may remain, subject to the other provisions of this ordinance.

1. Normal repairs, renovations, and maintenance may be made to any non-conforming structure. If the structure is destroyed by accidental means or is removed, it may be rebuilt or replaced within one year from the date of said occurrence.

2. Additions — Additions to non-conforming buildings which conform to the other standards in this ordinance shall be permitted.*

3. General Safety — Nothing in this ordinance shall prevent the strengthening or restoring to safe condition any building or part thereof upon order by any public official charged with protecting the public safety.

4. An existing structure, which is partially or entirely erected upon the setback area may be enclosed for the purpose of "enclosed occupied space" only by variance granted by the Zoning Board of Adjustment.

257 — Yes 147 — No

*The sentence "No additions shall be made which make the structure more non-conforming" has been deleted.

7:42 P.M. Article 3

To see if the Town will vote to authorize a section of the Town of Bristol, N.H., known as Bear Mountain Cove, consisting of three acres more or less and located on the common border with the Town of Hebron, to become annexed to the Town of Hebron subject to payment of all taxes due the Town of Bristol on the date of annexation as may be approved by the New Hampshire Legislature. (submitted by Petition). Requires a 2/3 vote.

Moved by Robert Duchesne and Seconded by Ken Chorney.

Robert stated that this was not a new issue as it had been brought before the people last year and that he had, through newspaper articles, tried to bring his feelings across to the public. He would hope that we would let the twelve families located in this section to go to the Town of Hebron where it has been voted to accept them as part of their town. There are only two families that are full time with three more to soon become permanent residents. John Root asked how much there was in taxes there with Bob answering that there was about \$30,000 with 10,000 to the town, 15,000 to the school and the other 5,000 to the county. When someone asked how much it costs for the services there, they were answered absolutely nothing.

Boake Morrison spoke against this article stating he hoped that we would keep it as is.

Ballot vote taken. 20 — Yes 107 — No 84 needed to pass so this article was defeated.

8:00 P.M. Article 4

To see if the Town will vote to raise and appropriate the sum of \$3,000 for preliminary work in preparation of an update of the Comprehensive Master Plan for the Town of Bristol, 1982-1983. (Recommended by Budget Committee). Moved by Jeff Barr and seconded by Mike Bannan. This was done ten years ago and while some of it is still good, some no longer applies to our situation now.

This update would help us to decide just how you the people would like the town to grow and defelop in the future.

Passed by voice vote.

8:05 P.M. Article 5

To see if the Town of Bristol will vote to raise and appropriate \$10,000 for the development of a Town owned boat launch facility and parking area. This project would be located on the Beaulieu property, along Fowler River, which is already owned by the Town of Bristol. (submitted by petition) (not recommended by Budget Committee). Moved by Ralph Shackett and seconded by Gordon Dole. Ralph stated that he submitted this article but now he also feels as the budget committee did that this is not a good idea now.

Thus he would like to submit a substitute article to read as follows: To see if the Town of Bristol will vote to have the Selectmen appoint a study committee of 5-7 members, to study a possible Bristol boat launch site. Said Committee shall be named within thirty days and report to the Selectmen no later than January 1, 1993. Said Committee shall include at least one member from the Board of Selectmen. This motion was moved by Ralph Shackett and Seconded by Ken Crack.

Richard Walenda felt that we should go ahead with the original motion and do whatever we can to get a boat launch that would serve the Town of Bristol. Ralph in speaking for this article also feels that we should do this as soon as possible but he does feel that maybe we should have more study on this before we take a final step.

Peg Bouvier asked if this would be just for Bristol residents as she gets about 30% of all her inquiries at the Information Booth asking about a ramp to get onto the lake. She feels that it is very important for us to have a place where these people that come all the way up here to use the lake to be able to go.

Ralph stated that he thinks the State Boat ramp will be in by next year.

Mike Capsalis spoke against this saying it would be more a liability for the Town and he would rather we spend money like this to help the hungry in Town.

Mike Bannan stated he understood that the State in trying to get access to the major lakes has a project that may even get four ramps onto Newfound Lake and these would be fore everyone-local as well as visitor. Feels the committee is good idea but be sure and see what the State will be doing.

William Phinney was in favor of the substitute article and felt we should go ahead with the study committee. Substitute motion was passed by voice vote which dispenses with the original motion but which was voted down just to be sure that no money was going to be raised.

8:25 P.M. Article 6

To see if the Town will vote to raise and appropriate the sum of \$16,710 for participation in the New Hampshire Drug Task Force Program for the Police Department. Seventy-five percent of the cost of the grant (\$12,533) will be provided by the State of New Hampshire and twenty-five percent of the grant (\$4,177) will be the Town's share. (Recommended by Budget Committee). Moved by Barry Wingate and Seconded by Glen Sharp.

This is an undercover program and there is a 75/25 percent grant that is available from the State so we have applied for this. There is a problem with drugs in the area and we need to have some local participation and if this is approved then one of our full time officers

will go to Concord to be a member of the Drug Task Force for six months. This will be a valuable learning experience for him and with the knowledge of the area that we have we can help someone else come in and attack this drug problem that we have here. If this article is not approved then this money would be eliminated from our budget and nothing further would be done.

Ken Grack asked who would pick the officer that would go and Barry replied that it would be the Police Commission that would have the final say on this. Carrol Brown stated that he felt they would consult with all the officers on their feelings and even when the officer is picked it has to be approved by the Attorney General before it becomes final. Richard Walenda felt it should not be the chief as he is about ready to retire.

Jack Smart asked about the liability of having one of our officers go out of town and also that we already have one person who has a good background on drugs, having done a lot on his own and yet he has never really been used in this capacity.

Barry replied that it would be the same as if an officer is in another town, such as going to court or to the Police Academy, the town is liable for that officer as well as with Workmans Comp. He also said that he himself was not interested in doing undercover work. The only way to really deal with this problem is to have someone come in that is not known by everyone in town and work on the problem. Our officer would go to another town and someone from another town would come here. That is the way that this grant would work.

Glen Sharp spoke in favor stating that one of our officers would be willing to go out somewhere in the State of New Hampshire to help with this drug problem and someone else would come in to help us and we really should pass this article.

Boake Morrison felt the State should be doing this and not having the town spend all this money.

Katheryn Rutherford, a former teacher, was a drug coordinator before coming to Bristol and feels that this is a good investment in the youth of our town for the future. Passed by voice vote.

8:40 P.M. Article 7

To see if the Town will vote to accept the budget as submitted by the Budget Committee and to raise and appropriate the sum of \$2,380,780 to be raised by taxation. Moved by Jeff Shackett and Seconded by Bill Phinney.

Boake Morrison questioned where the extra \$45,000 in Capital improvements was going to go. Archie Auger said that 35,000 had been recommended by the highway supervisor for improvements on different roads and that 44,000 would be coming in as highway grant. This piece of property that you have mentioned came to the

town by tax deed and now the town has a liability to fix these roads. We hope by the selling of this land we will have the money returned to the town to fix the roads and it will not have to come out of tax money. The Selectmen worked with the Budget Committee to come up with a budget that is lower than last year and this means that some areas went down and others went up. It is hard to follow this year because the town had to change a lot of categories to meet the requirements set by the state in that each department has all of its expenses in there where they used to be in separate categories for the whole town. Next year will be a lot easier to follow.

Mr. Wardell questioned what the difference in the categories of highway and street and the highway improvements. J.P. Morrison said that the highway and streets is the general highway budget and the other is work done on specific streets or roads.

Ruth Simpson questioned why the Executive category more than doubled this year. Archie Auger said that it was because of the changes in the things that are put under each category so you can not compare this with last year. Passed by voice vote.

9:04 P.M. Article 8

To see if the Town will vote to authorize the Selectmen to withdraw \$20,000 from Surplus to fund the sealing of seams in the oxidation ditch at the Wastewater Treatment Plant, for the Sewer Department upgrade. The \$20,000 represents unexpended interest from the Sewer Update Project completed in 1991. (Recommended by Budget Committee). Moved by John Bianchi and Seconded by Walter Corbeil. John said that this ditch was drained about 15 years ago during a general clean up and it was found then that ground water was seeping into the ditch and we tried to fix this from the inside but when we drained it again last spring we found that the leakage was much worse and so this needs to be done by a more professional group with the caulking put into the cracks so that it would go all the way through and really seal these cracks.

Passed by voice vote.

9:06 P.M. Article 9

To see if the Town will vote to authorize the Selectmen to increase the Beach Permit fee from \$5.00 to \$10.00. (Per Beach Commission). Moved by Archie Auger and Seconded by Bill Phinney.

This was proposed to the Board of Selectmen by the beach committee who felt that maybe they should be self-supporting and to do this they would need to increase the fee.

Amendment #1. Part 1, Any taxpaying senior citizen of Bristol shall be extended the courtesy of free access to the Bristol beaches with a free beach permit.

Part 2, Any taxpayer of Bristol upon presentation of a current receipted tax bill shall receive a free beach permit. (This last has a two-fold benefit; it would serve as an incentive for prompt payment of the summer tax bill.) This was moved by Ernestine Firth and Seconded by Glen Sharp.

Ernestine stated that the senior citizen would be 65 or over.

Glen Sharp felt that we should defeat this amendment and then defeat title and keep the fee at \$5.00 because he felt that most anyone could afford that amount. Cynthia Yip felt that the amendment had too many loop holes as it did not address those that rent and pay what taxes are due but not property taxes.

Amendment defeated by voice vote.

Article 9 was then defeated by voice vote.

9:15 P.M. Article 10

To see if the Town will vote to declare the service of Continental Cablevision unsatisfactory, by virtue of poor reception on channels 2, 4, 5 and 7, (the Boston channels), to instruct the Selectmen to investigate alternative service and/or providers, and to report their findings and possible alternatives to the voters no later than Town Meeting in March 1993. (submitted by petition). Moved by John Root and Seconded by Mike Bannan.

John said he had been disappointed with the reception that he had been getting and had not had much luck in getting any satisfaction from the company. There are new things coming along such as getting your TV from telephone lines and he felt we should not limit ourselves to just this one option. He did learn that the Selectmen had renewed the contract with Continental for 12 years and he feels that this was much too long. By putting this article in the warrant I have had some answers given to me and feel that this has helped in getting them to try a little harder to come up with some improvements.

Archie stated that they had not signed an exclusive contract with Continental for service but only that no one else could come in and use their lines for that period of time. We have worked to try and get some of these problems solved and will continue to do so.

David Powden felt the company was no good but that what we have is a lot better than what we had before.

Passed by voice vote.

9:25 P.M. Article 11

To see if the Town will vote to authorize the Trustees of the Minot-Sleeper Library, in accordance with RSA Chapter 31, to apply for, accept and expend, without further action by town meeting, money from state, federal, or other governmental unit or a private source which becomes available during the fiscal year.

Moved by Gordon Dole and Seconded by Pat Baker. A new law was passed this past year that libraries must have this article passed by the voters in order for them to accept money and spend any of this money. There are certain things in there to protect the town such as if they got money to build an addition they could not do that without coming back to the voters because it would put added expense onto the town.

Mike Bannan did not like the idea that they might be able to spend this money without coming back to the voters or the Selectmen.

Passed by voice vote.

9:32 P.M. Article 12

To see if the Town will vote to authorize the Selectmen to apply for, accept, and expend federal or state grants which may become available during the course of the year, and also to accept and expend money from any other governmental or private source to be used for the purposes for which the Town may legally appropriate money: provided (1) that such grants and other monies do not require the expenditure of any other Town funds, (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies and (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of Town monies, all as provided in RSA 31:95-B(SUPP).

Moved by Archie Auger and Seconded by John Bianchi.

Passed by voice vote.

9:33 P.M. Article 13

To see if the Town will vote to authorize the Selectmen to convey any real estate acquired by the Town by Tax Collector's deed. Such conveyance shall be by deed following a public auction, or the property may be sold by advertised sealed bids, or may be otherwise disposed of as justice may require, pursuant to RSA 80:80.

Moved by William Phinney. Seconded by Archie Auger.

Passed by voice vote.

9:35 P.M. Article 14

To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

Moved by J.P. Morrison and Seconded by John Bianchi.

Passed by voice vote.

9:38 P.M. *Article 15*

To transact any other business which may legally come before this meeting.

Boake Morrison said that after July 1st you can no longer let the freon for the refrigerators into the air and he would like to see the Solid Waste committee buy a machine from their budget that would take care of this.

Bill Phinney stated he had been approached to see if we could go back to voting in the old Town Hall. A show of hands showed that the majority would favor this.

Meeting adjourned at 9:42 P.M.

Respectfully submitted,

Barbara L. Avery, Town Clerk

*All new officers have been duly sworn in.
All necessary bonds have been executed.*

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen
Town of Bristol
Bristol, New Hampshire

We have audited the accompanying general purpose financial statements and the combining and individual fund financial statements of the Town of Bristol as of and for the year ended December 31, 1991, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Assets Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Bristol as of December 31, 1991, and the results of its operations and cash flows of proprietary fund types and nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the Town as of December 31, 1991, and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles.

Total	<u>\$1,710,000</u>

INDEPENDENT AUDITOR'S LETTER OF COMMENTS AND RECOMMENDATIONS

To the Members of the Board of Selectmen
and Town Administrator
Town of Bristol
Bristol, New Hampshire

We have audited the financial statements of the Town of Bristol for the year ended December 31, 1991 and have issued our report thereon dated February 27, 1992. In planning and performing our audit, we considered the Town's internal control structure in order to determine the scope of our auditing procedures for the purpose of expressing our opinion on the financial statements. Our review of these systems was not intended to provide assurance on the internal control structure and should not be relied on for that purpose.

We are pleased to report that, during the course of our review of internal controls, no material weaknesses in the Town's accounting systems and records were identified. Minor weaknesses or other considerations coming to our attention were generally procedural in nature and dealt with administrative or record-keeping practices. In these instances, we made specific recommendations or provided instruction to those individuals involved during the course of our audit fieldwork. Areas discussed included:

KELLEY PARK FUND

Resources for this fund are comprised of transfers from Trust Funds, interest income, and rental income. Expenditures are under the direct control of the Kelley Park Commission.

Since the park is Town property, the financial activity of this fund should be included in the budgetary process of the Town. When preparing the budget, insert the amount of anticipated revenues and expenditures of the Park Fund as part of the General Fund activity.

GENERAL ACCOUNTING RECORDS

There have been many improvements in the general record-keeping of the Town during the course of the year.

Among them, the Town has formal purchasing procedures in place in order to control obligations before purchases are made. However, the current practice allows vendor invoices to be mailed to the various department heads. To strengthen the integrity of the existing purchase order system, we recommend that the appropriate vendors be instructed to mail all invoices directly to the Selectmen's Office.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

This report is intended solely for the information and use of management and others within the administration. This restriction is not intended to limit distribution of this report which, upon acceptance by the School Board, is a matter of public record.

In closing, we would like to express our appreciation to those persons whose cooperation and assistance have helped us to achieve efficiencies in completing our audit.

After you have reviewed our report, we would be pleased to meet with you to discuss any questions that you might have.

BRISTOL WATER WORKS COMMISSIONERS REPORT

This past year has been one that challenged your Commissioners in their endeavor to maintain an efficient, economically run, and a financially sound public utility for the benefit of the Town of Bristol.

The following personnel changes are noted:

- a. Douglas Payne was promoted from acting Superintendent to full Superintendent and has been doing an excellent job for us.
- b. Barry Hagg resigned to accept employment in the southwestern part of the state.
- c. Mark Dow was hired as a part-time employee and was promoted to full-time after Barry Hagg left.
- d. Theresa Butler resigned as our part-time Billing clerk to take a full-time Office Manager's position.
- e. Marilyn Bucklin was hired to replace Theresa Butler.
- f. Joan Smart resigned in early December for personal reasons after four years of doing a commendable job for us and we wish her well.
- g. A search for a new Office Manager has been instituted.

Among the projects completed during the year these listed here are probably the most important:

1. In accordance with regulations promulgated by E.P.A. lead and copper level monitoring has been initiated and completed ahead of schedule. No lead services were found in the customers homes sampled.
2. Fowler River and Storm Center wells were sampled for primary and secondary contaminant analysis. No high contaminant levels were found.
3. A 4" turbo meter in the FNGP Lab was repaired and an oversized 4" meter in the Zone Area was replaced with a more accurately sized 2" compound meter.
4. All 138 fire hydrants were flushed twice and their static pressure taken and recorded. During the Fall they were winterized. An arrangement has been entered into with the Fire Department to assist and help making certain that all hydrants are shoveled out after snow storms.
5. The telemetry control system coordinating Fowler Well and the Hopkin's Storage Tank was professionally calibrated.
6. The Storm Center Well pump was overhauled and the upper shaft and bearing had to be replaced. A test with the pump removed indicated a superior well yield and that no cleaning of the gravel pack is needed.
7. NH Department of Environmental Services collected two 6-hour composite samples from Fowler River Well and had microscopic

- particulate analysis performed. The purpose being to determine if Fowler River water is influencing our drinking water quality. Their report stated that no influence was detected.
8. Relative to safety it should be noted that we have cooperated with the Loss Prevention Representative for Compensation Fund as follows:
 - a. PSNH replaced potentially toxic transformers;
 - b. Our Scott Air Packs were upgraded to positive pressure demand mode;
 - c. Together with the Sewer Commissioners we shared in the purchase of a tripod/winch/harness for safe entry into confined spaces;
 - d. Jeff Chartier attended a confined spaces entry training course; and
 - e. established a list of proper procedures to be followed relative to job safety.
 9. Relative to training our personnel:
 - a. Doug Payne has been recertified as a Backflow Prevention Device Tester;
 - b. Jeff Chartier has successfully completed courses and passed examinations and obtained his NH Grade II Water Treatment Operator and NH Grade II Water Distribution System Operator certificates;
 - c. Joan Smart attended several training sessions relative Office Management;
 - d. Attendance at some NHWWA Meetings by the Superintendent and/or a Commissioner to get up-to-date reports on new or changes in the rules governing water regulations.
 10. All main gate and curb stops were located and raised in cooperation with the Highway Department's paving of School, Cedar, Mayhew, Union, Timberlane, Winter and Spruce Streets.
 11. Customer meters and readouts were checked for having matched usage readings. Increased emphasis has been placed on water meter repair to assure accuracy.
 12. In April the Commissioners started to study the need for a rate increase to go into effect in 1993. From the time that the drop in revenue started in the second quarter, no unnecessary purchases or expenditures were authorized. Through constant supervision we were able to keep from suffering a loss even though we received around \$40,000 less than we had anticipated. In December we announced a new one-year rate increase based upon certain assumptions of cooperation from the Selectmen and approval of the Budget Committee.
 13. A survey of the Fowler River Well Site property and the adjoining former Beaulieu property has been completed, a mylar print made, and recorded in Woodsville.

In closing this report the Commissioners want to publicly express our appreciation to our employees for their loyalty and cooperation with us while we are trying to make the best of a bad situation. We are certainly operating with under minimum number of personnel and on a budget that is cut to the bone. We pledge our cooperation to continue to provide the best service and operation for the least expense possible.

Gordon S. Dole
Burton W. Williams
John R. Bianchi

BRISTOL SEWER DEPARTMENT**Statement of Cash Receipts and Expenditures for the Year Ended
December 31, 1992**

BRISTOL SEWER COMMISSION ANNUAL REPORT

No additional department personnel were added this year with none contemplated for 1993. All critical work was accomplished.

In anticipation of a large reduction in revenues the department expenditures were reduced by about \$106,000. Many items left undone will be a future burden. Anticipated income for 1992 was down by about \$87,000. The difference between the two amounts was deposited with town to offset bond indebtedness from previous years.

A sewage solids reduction unit "muffin monster" was purchased and installed with funds voted by the town voters to be taken from the interest earnings by the sewer plant upgrade bond. This unit crushes large objects before passing into the processing plant to prevent equipment damage.

The sewer plant upgrade to 500,000 gallons per day is now complete and running to expectations.

The lower oxidation ditch section seams were sealed this year to eliminate major water infiltration into the system.

Two mainline stoppages were cleared by independent contractor at Pleasant near 4th and Central Square at Central Street.

Our office manager, Ms. Joan Smart resigned in December 1992 and Marilyn Bucklin hired in January for the same position. We wish both much success and good health.

Commissioners:
John Bianchi, Chairman
Walter Corbeil
Everett Hackett

1992 ANNUAL REPORT

Concord Regional Solid Waste/Resource Recovery Cooperative

I. 1993 BUDGET

	Item Budget	Subtotals
1. Wheelabrator Concord Co. Service Fees		\$1,987,719

(d) Closure & LTM Fund	<u>149,104</u>	
		1,922,343
4. Cooperative Expenses, including		
Consultants & Studies		<u>344,720</u>
Total 1993 Budget		\$4,379,782
Less, portion of interest surplus, recycled tons & communities deliver GAT applied to 1993 Budget		<u>- 307,161</u>
Net — to be raised by Co-op Member Municipalities		\$4,072,621

1993 GAT of 103,235 tons & net budget of \$4,072,621 = \$39.45/ton

II.

1992 was our third full year in operation and it was a successful year. We were able to complete on time, within budget, and put into operations in the Fall of 1992 the Phase II portion of the Landfill Expansion. Pike Industries of Tilton did an excellent job in constructing the double lined landfill and leachate collection. It took the cooperation of the State DES, our consultants CMA Engineers, Pike and our Operator J.D. McLeod to have this project come together as well as it did.

Our 1992 Co-op delivered tonnage of 103,596 was up 1.4% over the 1991 delivered tons. We disposed of 66,514 tons of ash at the landfill and the leachate disposal process has been functioning very well. Our 2.6% increase in the Co-op tipping fee should assure us of another successful year and will keep our Expansion and Closure/Long Term Maintenance Funds on a solid financial basis. Once again many thanks to the Officers and Representatives to the Co-op.

MINOT-SLEEPER LIBRARY

Nineteen ninety-two was a great year for the Minot-Sleeper Library.

The library is now open from 9:00 A.M. to 3:00 P.M. on Saturdays, an addition of three more hours.

The Board of Trustees had the interior of the main building painted. They also purchased a pass to the Christa McAuliffe Planetarium, which was well received.

The summer reading program and story hour were well attended this year and the Trustees would like to express their appreciation to all the people who conducted the seven story hours during the summer. Also, the Trustees again thank the Pasquaney Garden Club for the lovely flowers which they planted in front of the Library.

Circulation of books was down slightly this year compared to last year, but the circulation of videos, audio books, and magazines were up, as were books borrowed from and loaned to other libraries through inter-library loan. Figures are listed below:

Adult Fiction	5,783	Magazines	2,986
Adult Non-Fiction	1,829	Audio Books	213
Junior Fiction	2,981	Videos	1,628
Junior Non-Fiction	979	Books borrowed from other	
Paperback Books	1,034	libraries (Inter-Library	
		Loan)	53
		Books loaned to other	
		libraries	44

William E. Barrett, Chairman

MINOT-SLEEPER LIBRARY

A great many people probably are not fully aware of the history behind MINOT-SLEEPER LIBRARY. We commend Richard W. Musgrove for providing Chapter XXIX - LIBRARIES in Volume I - Annals History of Bristol, N.H. written and published in 1904, a copy of which is available for reading within our Library to give the complete story.

For the purpose of this report we are going to quote a portion from that chapter. The reason for doing so will become self evident.

“At a special town meeting held Jan. 16, 1884, the following resolutions were unanimously adopted:

Whereas, Hon. Josiah Minot, of Concord, N.H., and Hon. S. S. Sleeper, of Cambridge, Mass., former residents of Bristol, have generously offered to donate to the town a library building and grounds, providing the town will accept the same and provide for the maintenance thereof, therefore, be it

Resolved, by the inhabitants of Bristol, qualified to vote in town affairs, in town meeting assembled, on the 16th day of January 1884, that the town thanks the donors for their interest in the welfare of Bristol and for their munificence and public spiritedness, that it will accept said gift of said library buildings and grounds, and hereby agrees to provide for the maintenance and management thereof. Be it further

Resolved, that the clerk of said town forward, as soon as may be, a copy of this resolution to said donors respectively.”

In addition to the monies expended by the Treasurer shown in his accompanying report from funds available to the Trustees, we gratefully acknowledge the continuing support given by the Town of Bristol fulfilling its agreement to maintain and manage the building and grounds so generously given. While the Town Report for 1992 will show only an item for Libraries an expense of \$25,864.37 we felt that this year we would like to itemize it for two reasons. First, to inform newcomers of the heritage provided and secondly, to show that the Town of Bristol is fulfilling its commitment.

Wages — Librarian	\$10,162.49
Librarian Assistant	2,678.70
Treasurer	300.00
Janitor	2,069.16
Telephone	373.06
Electricity	778.16
Heating Oil & Furnace Maintenance	1,137.36
Books/Media	5,068.49

Maintenance/Repairs	1,238.89
New Equipment	374.97
Library Supplies	519.54
FICA/MEDICARE	<u>1,163.57</u>
	\$25,864.37

At Town Meeting the amount appropriated in the budget for libraries was the sum of \$27,517.00 which shows that \$1,652.63 was not expended and consequently was returned to the general fund.

EMS DEPARTMENT

First, I would like to thank everyone who has welcomed myself and my family to the Town of Bristol.

The EMS Department went through many changes in 1992. The former Director, Skip Moyer, resigned in July of this year. Skip reorganized the makeup of the department and established a procedural policy for EMS as well as implementing other programs within the department. Attendant Frank Avellino did a great job in the interim period until the director's position was filled in October by the Board of Selectmen. The first two months I spend getting to know the Department and the town. In 1992 the EMS Department had 543 calls. This is about the same as last year, however, we had 37 less transfers which reflects 37 more emergency runs. We are ready for another busy year.

In June of this year the Town purchased a 1992 Ford ambulance which replaced the 1985 ambulance. In December we were fortunate to sell the 1985 to another service in New Hampshire.

In these tough economical times, manpower began to be a problem because our call personnel just could not volunteer as often. Most of this problem has been resolved, but early morning and late afternoon hours are still presenting some scheduling conflicts. In 1993 we will be asking for a second full time attendant to resolve this scheduling problem. Your support on this is very important to the EMS Department.

The breakdown on 1992 calls is as follows:

Alexandria	43	Hebron	37
Bridgewater	39	New Hampton	93
Bristol	215	Danbury	41
Transfers	62	Mutual Aid	13

Please stop in and visit us any time at the South Main Street Station.

Richard E. Fowler, Jr.
EMS Director

BRISTOL POLICE COMMISSION REPORT

The Bristol Police Commission and Chief of Police Barry W. Wingate submit the following report for the year.

On March 10, 1992 Russell E. Vaiden was elected to a three year term as a police commissioner. During 1992, due to the efforts of the Police Commission, implementation of the Neighborhood Watch Program began and is now operational in four sections of Bristol and hopefully in 1993 more areas of Bristol will join this program.

Our first Drug Grant for the Bristol Police Department was approved in 1992 and a Bristol Police officer began working as a drug investigator for a six month period for the New Hampshire Attorney General's Drug Task Force.

The town maintenance man worked on several projects inside the Police Station, which resulted in a safer working environment and more efficient use of our work space.

During the summer of 1992 the Bristol Police Department began using a video recorder in our main patrol cruiser. The video equipment was purchased with a 50/50 matching grant from the New Hampshire Highway Safety Agency. The Police Department's new computer also became operational during the summer and we are now ready to use the states new Incident Based Crime Reporting System.

The Bristol Police Commission and Chief of Police Barry W. Wingate wish to thank you for your support and cooperation during this past year.

Respectfully submitted,
Bristol Police Commission

Thomas J. Belser, Chairman
Carroll M. Brown, Commissioner
Russell E. Vaiden, Commissioner
Barry W. Wingate, Chief of Police

POLICE DEPARTMENT REPORT

Below is a list of statistics of several areas handled by the Bristol Police Department in 1992.

Total Miles Driven	92,720
Total Gas Consumption	7,326.3

BRISTOL FIRE DEPARTMENT

This past year we had 99 calls, down from 115 in 1991. We hope this trend will continue.

The commissioners have continued with the inspections of the schools, stores, garages, restaurants and apartments.

We now have four more cadets ready to join the department when they turn 18 yrs. old. This is an excellent program, as we have young people trained for fire fighting at an early age.

A fire fighter 1 class was held at the station and a number of fire personnel have completed the career level course.

Again, the Xmas lights were put up by the Fire Co. under the directions of David Evans & Bob Fellows.

We hope everyone thinks Fire Safety through 1993 & has a safe year.

Fire Calls for 1992

Chimney Fires	12
Alarm Malfunctions	16
Structure Fires	4

Ernest H. Glines

Raymond A. Greenwood

Stephen Q. Curley

FOREST FIRE WARDEN AND STATE FOREST RANGER REPORT

1992 was below average for wildfires reported in our state. Our largest fire was in May in Rumney where a suspicious origin fire burned approximately 150 acres with a total cost of approximately \$30,000. The N.H. Division of Forests and Lands assisted many other communities in wildland fire suppression as well.

Our fire lookout towers reported 289 fires, burning a total of 136 acres. Our major causes of fires were fires kindled without a permit, unknown causes and children.

Please help your town and state forest fire officials with fire prevention. New Hampshire State Law (RSA 224:27) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, *without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done.*" Violation of this statute is a misdemeanor, punishable by a fine of up to \$1,000 and/or a year in jail and you are liable for all fire suppression costs.

Local fire departments are responsible for suppressing fires. The small average fire size of .47 acre/fire is a tribute to early detection by the public or our fire town system and the quick response of our trained local fire departments. Please help your Warden and Fire department by requesting and obtaining a fire permit *before* kindling an open fire.

The N.H. Division of Forest and Lands assisted 28 towns with a total of \$20,000 in 50/50 cost share grants for fire fighter safety items and wildland suppression equipment in 1992.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or Division of Forests and Lands at 271-2217.

Forest Fire Statistics 1992

	<u>State</u>	<u>District</u>
Number of fires	289	59
Acres burned	136	29

John Moyer, Forest Fire Warden
Bryan C. Nowell, Forest Ranger

HIGHWAY DEPARTMENT REPORT 1993

This past year there was little snow but a lot of freezing rain and ice. The winter months were spent thawing out culverts and cutting ice as well as continuous sanding.

Spring finally came and the Department built a new sand shed and worked in the gravel pit mixing our pugmill mix to be used on roads later in the year.

We mix all of our cold patch mix which saves the town Highway miles going back and forth to the plant.

This was our second year at reclamation (grinding of old asphalt) of streets within the immediate town area. This process seems to work very well I hope to continue reclamation in the future.

Streets paved this year were:

School Street
Cedar Street
Mayhew Street
Union Street
Timber Lane

Roads Reconstructed: (pugmill overlay)

Winter Street	Wulamet Road
Spruce Street	Hall Road
Riverdale Road	Batten Road

Roads Oiled:

Bear Mount Road	Riversdale Road — sealed
Batten Road — sealed	Wulamat Road — sealed
Spruce Road — sealed	Winter Street — sealed
Hall Street — sealed	

We also replaced drainage culverts in various places throughout the town that have been problems in the past. In the future we will continue to replace culverts where necessary.

This fall our Department ditched roads were required for the upcoming winter months.

Harold Haney
Highway Supervisor

1992 BRISTOL COMMUNITY CENTER REPORT TO THE TOWN OF BRISTOL

1992 proved to be a very busy year for the Community Center. We offered three youth league programs (basketball, baseball/softball and soccer). Our baseball/softball program saw over 250 participants, 22 teams and 62 volunteers. This year the program was run by a five man volunteer commission and important changes were made in the best interests of the players. The BCC and volunteer philosophy is to teach skills and sportsmanship to all participants. In addition to the youth leagues we organized Middle School Dances, instructional classes (aerobics, step aerobics, archery, art class, swim lessons, karate classes, babysitting courses, quilting classes, etc.) Mom and Tot Time, Adult Basketball, Volleyball, Badminton, Summer Playground, Summer Day Camp, Summer Baseball, Summer Basketball and sponsored and organized 21 different fundraising events. All of our success is due to the number of volunteers that donate their time to our program.

Bristol residents participated in the following programs:

Aerobics	Aerobics (morning)	Art Class
Archery	Badminton	Baseball (summer)
Baseball (travel)	Baseball	Baseball (senior)
Adult Basketball	Basketball (travel)	Basketball
Summer Basketball	Boy Scouts	Camps (summer)
Dances	Girl Scouts	Ghostwalk
Karate	Mom & Tots	NCCA
Open House	Open House (Sat)	Open House
Penny Carnival	Share Program	Soccer League
Softball League	Senior Softball	Swimming Lessons
Teeball	Pee Wee Teeball	Tennis
Umpire Clinic	Volleyball	

We would like to thank all Bristol residents who participated in the programs and special events. Special thanks are owed to all the parents who came out and supported the Bristol Community Center last year at town meeting. We had another successful year.

This year the Bristol Recreation Advisory Council has been hard at work in collecting funds for a new gym floor and renovating the BCC to establish a handicap entrance and main floor. The Center thanks the School District for their continual support in all the BCC youth league programs. We would also like to express our sincere gratitude to Freudenberg NOK for their annual donation and their printing services. We can not thank them enough for all they do for our organization.

The Community Center will see its 47th year of service to the New-found are and we hope you will help us celebrate by participating in the 1993 agenda of programs and special events.

BRISTOL PLANNING BOARD 1992 Annual Report

The Planning Board work load was relatively light in 1992. One subdivision hearing, several minor lot line changes and site plan reviews made up the bulk of the hearing schedule. The Master Plan Task Force, made up of the members of the Planning Board plus Mike Bannan, Ken Crack, Mike DeAngelis, Matt Greenwood, John Tardif, Jeff Shackett and Will Thayer. The Task Force sent out over 2100 community surveys and received a response rate of over 20%. The survey, along with additional public input from hearings and workshops, will become the overall focus on the updated Master Plan. An outline of the Plan has been completed and quotations from local and regional planners have been received. When funds have been appropriated the update can be completed. Once again the Planning Board will meet the second and fourth Wednesday of each month. The first meeting of each month will be a business meeting, the second meeting will be reserved for public hearings.

The members of the Planning Board are:

Jeffrey Barr, Chairman
David Cooper
Greg Miller
William Phinney

Elizabeth Seeler
Michael Soule
Robert Williams
Will Thayer, Alternate

ANNUAL REPORT OF THE BRISTOL CONSERVATION COMMISSION

Submitted to the residents of the town of Bristol, N.H.—January 1993

The Bristol Conservation Commission exists under the New Hampshire law “for the proper utilization and protection of natural resources and for the protection of watershed resources of Bristol.” Charged with this responsibility, the Commission members have continued their research of local land and water areas, worked with other organizations of similar interest, kept an accurate listing of changes to our wetlands, monitored water quality, managed conservation lands, and promoted educational projects during the past year.

Working closely with the Bridgewater and New Hampton Conservation Commissions, the Newfound Lake Region Association and the Lakes Region Planning Commission, our members have attended meetings and added our support to regional efforts at conservation which will positively affect Bristol. Among these have been active participation in the annual Household Hazardous Waste Collection held in July, enforcing dredge and fill responsibilities in and around Newfound Lake, supporting the legislation to declare the Pemigewasset River a “wild and scenic river”, monitoring the recent work on the Route 104 bridge over the Pemigewasset River, and educating ourselves on recent trends and legislation affecting conservation.

The Breck-Plankey spring on Route 3A has been renovated and its water quality maintained due to the efforts of John Morrison and John Hetzel. John Morrison donated time and labor to upgrade the conditions at the spring, resulting in work which should prevent any contamination of the water. John Hetzel continues to take water samples to Concord for testing on a regular basis. We appreciate the assistance and support of these volunteers.

As part of our commitment to youth, we sponsored a Bristol student's attendance at the annual Society for the Protection of New Hampshire Forest's Youth Conservation Camp in June. Paul J. LaBarge attended this revised camp, with its' emphasis on classroom learning and applied field study. We plan to utilize Paul's interests in our plans for trail development in the Bennett wetlands.

Many applications for docks, dredging and filling in the wetlands in and around Newfound Lake, and dredging and filling wetlands throughout town were handled. A new procedure requiring the Wetlands Board application to be mailed by the Town Clerk, rather than the applicant, has resulted in good communication about these potential projects.

Plans to evaluate Bristol's PRIME wetlands will be done in 1993 as a refinement to our present wetlands inventory.

The Bristol Conservation Commission is a public body. Suggestions and guidance for effectiveness in our community are important. The Commission meets monthly—the first Thursday of each month at the Town Office Building.

Respectfully submitted,

Barbara DeAngelis, Secretary

Janet Cote

W. Maynard Dow

Mason Westfall, Chairperson

Samuel Worthen
